Cupwind is focus on luxury [double wall coffee Carafe](#) for years, we have our own factory in Hebei Province, which is the major area of handmade borosilicate glasses. The brands' product we have made like Aldi German, Bodum etc.

The 10oz carafe is the perfect complement to the 2oz coffee cups and 5oz double wall glasses and at 10 ounces (300ml), it is sized appropriately for one to two servings. It's not only a gorgeous serving vessel, you can also brew directly into the carafe. Thanks to the double-walled glassware design you have exceptional thermal control. That means you can take your time enjoying your coffee, knowing your brew will maintain the right temperature for longer.
