Product details

1. This IS machine made apothecary glass jar.
2. The decoration is metallic paint on the glass, it can pass cross hatch tape test and oil test, this kind of paint is also called satin look paint, it makes the glass looking elegant and luxury.
3. Customized colors are available and flexible on the quantity.

This apothecary glass jar is very popular as candle jar, kitchen jar, candy jar and so on, we have fitments like glass bubble lid, wooden lid, metal lid to fit it. It's similar to the Yankee apothecary jar but manufactured in different crafts, Yankee jar is made by machine blown so it is very light weight and thin and easier broken while in transit, but ours is made by IS machine so it is heavier and thick and more safe while in shipping to customers. what's more, our MOQ is much less than it's made in the US. Cupwind glass factory is [metallic black apothecary glass jar factory china](#), it's very big and famous in China because we produce glasses for the top 10 Baijiu Brands in China like Moutai, the world known Baijiu Brand. Regarding to this apothecary jar, we can product 60,000pcs per day with decoration. We have a furnace holds 90 ton raw material a day.

About Testing Method

Cupwind has online testing machine to do ASTM test for the cylinder candle holder glass, as a candle holder glass, ASTM test is necessary for whatever small or big orders. We focus on candle holder glass safety seriously, we have the same testing equipments compared with third party lab.
