

4oz Seamless Metal Tin Container

Discover Cupwind exquisite printed sustainable seamless metal tin containers for soy wax candles, which with CMYK eco-friendly printing, no seams that makes the container leak-free.

Seamless tins are drawn and formed in one operation from tin-plated steel. Because they have no seam they are perfect for moist or fine products that may leak out of a side or bottom seam in other types of tin cans.

Heat, light, moisture and air are enemies of herbs and spices. Exposure to these elements greatly reduces quality, color, flavor, and essential oil content. Seamless tins are a great choice for candles,

cosmetics, mints and more.
