If you want to keep your brand image stands out from thousands of other brands, we have many ways to help you.

We design and produce a lot of holiday candle glasses, jars and make many different finishings like color spray, electroplating, etching, decal application.

If you want something iconic and shiny, we can decorate the glass by electroplating colors, well, aura iridescent plating is the new trending on the candle glass too.

As a professional [holiday candle glass supplier china](#), Cupwind always helps our clients to custom the best solution for their brand.

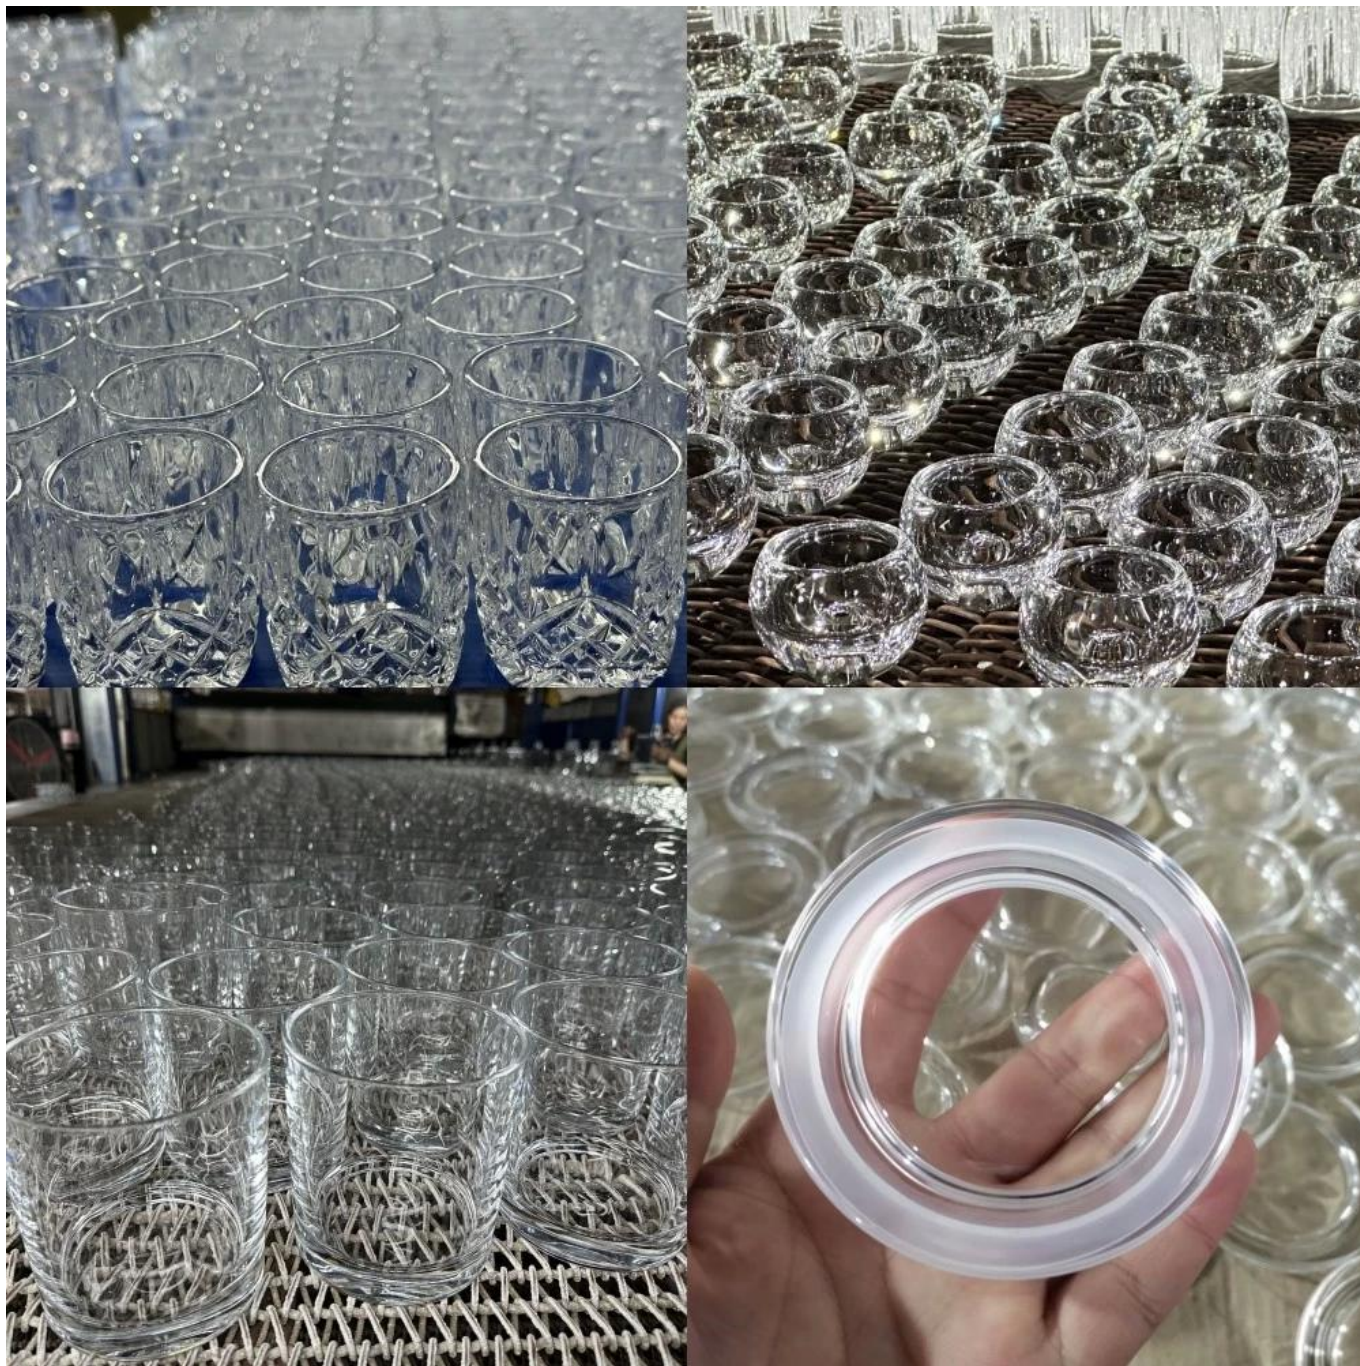

About Testing Method

Cupwind has online testing machine to do ASTM test for the cylinder candle holder glass, as a candle holder glass, ASTM test is necessary for whatever small or big orders. Cupwind focuses on candle holder glass safety seriously, we have the same testing equipments compared with third party lab.

Cupwind Decal Printing Production Line

Packaging of **pumpkin jar**

We will find out suitable packaging method according to different size products, for this hot stamping decal printing candle glass, we will pack it in a carton box with paper dividers like in 48pcs/72pcs.

Loading with wooden pallet which is safer and more efficient, in the end, we will have a cotton net at the door opening place to stop it from falling.
