- This hot stamping decal printing can be used on candle glass, diffuser bottle, perfume bottle, ceramic candle holder etc.

If you want to keep your brand image stands out from thousands of other brands, then we have many ways to help you.

For instance, we can spray different colors on the interior or exterior of the candle glass to show the scents of your fragrance.

We can help to design the printing artworks like flowers and fruits if your scents are floral scents.

If you want something iconic and shiny, we can decorate the glass by electroplating colors, well, aura iridescent plating is the new trending on the candle glass too.

As a professional [luxury candle holder glass supplier china](#), Cupwind always helps our clients to custom the best solution for their brand.

About Testing Method

Cupwind has online testing machine to do ASTM test for the cylinder candle holder glass, as a candle holder glass, ASTM test is necessary for whatever small or big orders. Cupwind focuses on candle holder glass safety seriously, we have the same testing equipments compared with third party lab.
